oktiseptas – confirmation of conformity

This is to confirm that the product **oktiseptas**, marketed in Lithuania by the company UAB Apiterapija, is identical with the product **octenisept**® of the company Schülke & Mayr GmbH.

oktiseptas respectively **octenisept**® is a cutaneous solution containing the active substances octenidine dihydrochloride and phenoxyethanol to be used for an antiseptic wound treatment.

For both products the sources of active substances and excipients as well as the manufacturing process and quality control are identical.
